

## Make my own Crown!

Today I will design and color my own crown inspired by the ballet **Swan Lake**.

### Materials I will need:

Paper

Drawing tools (pencils, pens, crayons)

Scissors

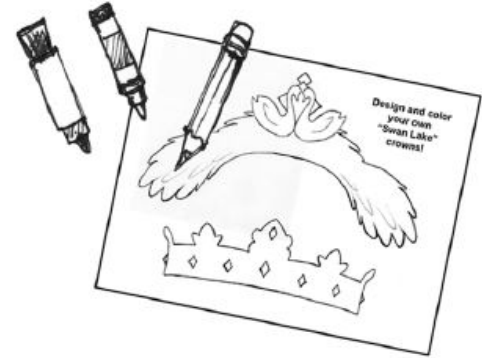

Tape or glue

Decorations (ribbon, beads, glitter)

## How to make my crown:

### 1. First, I will create the decorations

I can use the template below, or I can create my own design. I can add ribbon, glitter, beads, or anything to decorate my design. When I'm finished I will cut out my design.

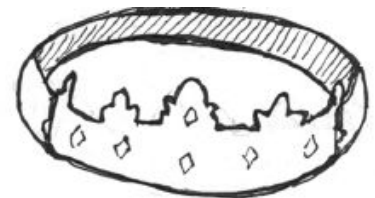

### 2. Next I will create the crown base

I will cut a long strip of paper or cardstock and make it into a circle that fits on my head. I may need to tape or glue two strips together to create the circle.

### 3. Last, I will decorate my crown

I will tape or glue my decorations onto the front of my crown.

I can wear my crown during the **Adapted Dance Workshop on Saturday, July 18.**

I may see other people wearing their crowns during the program!
